# *The Hand That Kills Me*

اللَّهُمَّ ارْزُقْنِي شَهَادَةً فِي سَبِيلِكَ وَاجْعَلْ مَوْتِي فِي بَلَدِ  
رَسُولِكَ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ. اللَّهُمَّ لَا تَجْعَلَ قَتْلِي عَلَى  
يَدِ عَبْدٍ سَجَدَ لَكَ سَجْدَةً يَحَاجُّنِي بِهَا يَوْمَ الْقِيَامَةِ.

O Allah, I ask You, to be accepted as a martyr in the city of your Prophet (peace and blessings of Allah be upon him). O Allah, do not let my killing be at the hand of someone who ever prostrated to You, lest he use that against me on the Day of Judgement.

# A light hearted joke

SAMPLE SYSTEMS DIAGRAM

# Input and Output in Python

- There are several ways to present the output of a program; data can be printed in a human-readable form, or written to a file for future use. The same applies to video files, word files, and or any kind of files to be used at a later stage with respect to ML, DL, AI and DS.

# جزاك الله
